OBJECTIVE

Detail-oriented and self-motivated Full Stack Developer with expertise in building dynamic, responsive web applications using HTML5, CSS, JavaScript, React.js, Node.js, and MongoDB. Skilled in both front-end and back-end development, with hands-on experience in creating scalable, user-focused solutions. Seeking to leverage strong technical knowledge to contribute to a collaborative and innovative team.

EDUCATION

RTM NAGPUR UNIVERSITY
B.E IN COMPUTER TECHNOLOGY

Nagpur, MH
July 2019 - June 2023

SHREE SHIVAJI COLLEGE
Higher Secondary Certificate

Rajura, MH
July 2017 - Feb 2019

STELLA MARIS CONVENT SCHOOL
Secondary School Certificate

Rajura, MH
July 2016 - March 2017

Intern at Udannas

Front-End Developer

- Successfully completed a technical evaluation task provided by Udaanous prior to onboarding. Built real-world, responsive web projects including a To-Do List App, a News App, and converted Figma designs into functional code using React and Tailwind CSS. Migrated a React project to Next.js, improving performance and routing structure. Gained hands-on experience integrating REST APIs, managing component-level state, and debugging with browser DevTools. Developed confidence in independently handling frontend development tasks in a collaborative environment.

SKILLS

FAMILIAR: HTML, CSS, JAVASCRIPT, REACT, Tailwind, Bootstrap
Databases: Firebase, MONGODB

PROJECTS

Food-Delivery-App: *React.js Node.js MongoDB Express*

Developed a full-stack Food Delivery App using React.js, Node.js, Express, and MongoDB, handling both front-end and back-end functionalities. Implemented features such as user authentication, real-time order tracking, and payment integration. Completed this project as part of a certification program from GreatStack, demonstrating strong proficiency in full-stack development and application design.

online-video-tutorial : *HTML CSS JAVASCRIPT REACT*

Online video project Understanding how to design a video library Like youtube application that allows the admin to upload modify and delete video Customer Can watch video after there register and login.

portfolio : *Reactjs*

Created a personal portfolio website using React.js, showcasing my projects and technical skills. The portfolio is fully responsive and features smooth animations, providing an engaging user experience across devices. Demonstrates expertise in front-end development, responsive design, and modern JavaScript frameworks.
